T-MOBILE
FOR BUSINESS

Activate HD feature at no cost for HD video (US only). On all T-Mobile plans, if congested, top 3% of data users (>50 GB/mo.) may notice reduced speeds until next bill cycle due to prioritization. On-device usage is prioritized over tethering usage, which may result in higher speeds for data used on device.

Limited-time offers; bill credit will appear on invoice with 90 to 180 days of activation date; must be active and in good standing when credit is applied. Qualifying plan & eligible port-in required. Advantage Program customers only. Telesales only. New account or 1+ new line req'd. Max 12/account. Not combinable with some promotional offers. **T-Mobile ONE General Terms:** Deposit and SIM starter kit purchase may be required. Capable device required for some features. Activate HD feature at no cost for HD video on T-Mobile app or myT-Mobile.com. Otherwise, and in Mexico/Canada, **video typically streams** at DVD quality (up to 1.5Mbps) which may affect speed of video downloads. **Tethering:** For customers who use more data than 97% of our customers (currently over 28GB per month), primary data usage must be on smartphone or tablet. Smartphone and tablet usage is prioritized over Mobile Hotspot Service (tethering) usage, which may result in higher speeds for data used on smartphones and tablets. **AutoPay Pricing:** For lines 1-8 only. Without AutoPay, \$5 more per line. May not be reflected on 1st bill. Coverage not available in some areas; we are not responsible for our partners' networks. **Network Management:** Service may be slowed, suspended, terminated, or restricted for misuse, abnormal use, interference with our network or ability to provide quality service to other users, or significant roaming.
