An **Anthem** Company

Here's How to Find a Montefiore or Empire Doctor.

## Finding a doctor online is fast and easy

The right doctor can make all the difference — and choosing one in your plan can save you money, too.
Our **Find a Doctor** tool helps you find doctors, hospitals, labs and other health care providers in your plan.
To save the most, look for a Tier 1 Montefiore provider. (Empire doctors may have a higher copay but still provide in-network coverage - and can be found nationally. If you decide to get care from a doctor outside of the Montefiore and Empire tiers, it will likely cost you more and might not be covered at all.)

1 Go to **empireblue.com/find-care**

2a **Log in as a member:** Log in with a username and password **or** with the member number on your ID card. Then, select **Find Care** on the welcome menu.

2b **Or, search without logging in:** use your plan prefix to search within your network:

- Empire EPO: **MYF**
- Empire PPO: **MVF**
- Empire Indemnity: **MXF**

3 **Search for a Doctor:** Search for care by specialty, name, NPI or license number – near your city or zip.

+ **Search for doctors, hospitals and more on your smartphone or mobile device!**

Download the **Sydney** app to get started.

4 **View Details:** Click on a provider to see specialties, gender, languages spoken, office and phone, and more. **Montefiore Tier 1 Providers** appear first and are labelled on their listing - as well as under Recognitions. These doctors are the lowest cost to you.
